Reporting entity overview

Bondada Renewable Energy Private Limited (the company) is domiciled and incorporated in India on November 18, 2023, under Companies Act, 2013. Its registered office is located at 1-1-27/37, Ashok Manoj Nagar, Kapra, ECIL, Hyderabad, Secunderabad, Telangana, India, 500062.The company is specialized in Solar Independent Power Projects. The name of the company was changed to Bondada Renewable Energy Private Limited with effect from May 27, 2024.

Note 1: Significant Accounting Policies

I. Basis of preparation of financial statements

The Financial Statements have been prepared in accordance with the generally accepted accounting principles in India. The company has prepared these financial statements under the historical cost convention on accrual basis to comply in all material respects with the Accounting Standards specified under section 133 of the Companies Act, 2013 read with Rule-7 of the Companies (Accounts) Rules, 2014 as amended. The accounting policies have been consistently applied by the Company. All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle. The company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

II. Current/non-current classification

The company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is –
- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:
- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;

SREEDAR MOHAN & ASSOCIATES HYDERABAD

Bondada Renewable Energy Private Limited HYD

- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

III. Significant accounting estimates and assumptions

The preparation of the company's financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

IV. Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost includes all expenses related to acquisition and installation of the concerned assets and any attributable cost of bringing the asset to the condition of its intended use. The cost of self- constructed assets includes the cost of materials and direct services, any other costs directly attributable to bringing the assets to its working condition for their intended use.

All other expenses on existing fixed assets, including day to day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Gains or losses arising from derecognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

SREEDAR MOHAN & ASSOCIATES HYDERABAD

Bondada Renewable Energy Private Limited HYD

Depreciation / Amortisation and useful life of property, plant and equipment / intangible assets

Depreciation on property, plant and equipment have been provided under the Straight line method, based on useful lives of assets as estimated by the management or the useful lives of the assets as prescribed in Schedule-II to the Companies Act 2013, whichever is lower. Depreciation is charged on a monthly pro-rata basis for assets purchased/sold during the year.

Following are the estimated useful lives of various category of assets used:

Asset	Useful Life in Years
Plant & machinery	15
Furniture & fixtures	10
Computers	3
Office equipment	5
Buildings	30
Vehicles	8

V. Impairment of assets

The company assesses at each balance sheet date whether there is any indication that an asset any be impaired. If any such indication exists, the company estimates the recoverable amount of the assets. If such recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the profit and loss account. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

VI. Inventories

Items of inventories are measured at lower of cost and net realisable value after providing for obsolescence, if any. Cost of inventories comprises of cost of purchase, and other costs net of recoverable taxes incurred in bringing them to their respective present location and condition.

SREEDAR MOHAN & ASSOCIATES HYDERABAD

Bondada Renewable Energy Private Limited HYD

Inventories are valued as follows:	
Raw materials and stores & spares	- Lower of cost or net realisable value
Work-in-progress	- Based on the amount of expenditure incurred and as certified by project managers
Finished goods	- Lower of cost or net realisable value

VII. Cash and cash equivalents

Cash and cash Equivalents comprise of cash in hand, cash at banks, short term deposits and short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

VIII. Revenue recognition

- **Sale of goods and services:** Revenue is recognised upon transfer of control of promised products/services to customers in an amount that reflects the consideration the Company has received or expects to receive in exchange for these products/services. When there is uncertainty as to collectability, revenue recognition is postponed until such uncertainty is resolved.

- **Other income:** Other income comprises interest income on Fixed deposits and Margin money deposits.

IX. Borrowing cost

Borrowing costs that are directly attributable to the acquisition of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalised as part of the cost of that asset till the date it is put to use.

Borrowing costs are not capitalised where the property, plant and equipment do not take a substantial period of time to get ready for its intended use.

SREEDAR MOHAN & ASSOCIATES HYDERABAD

Bondada Renewable Energy Private Limited HYD

X. Earnings per share

Basic earnings per share is calculated by dividing the net profit after tax by the weighted average number of equity shares outstanding during the year adjusted for bonus element in equity share. Diluted earnings per share adjusts the figures used in determination of basic earnings per share to take into account the conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as at the beginning of the period unless issued at a later date.

XI. Income taxes

Tax expense for the year comprises current tax and deferred tax.

Current tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted at the reporting date.

Deferred tax:

Deferred tax charge or benefit is the tax effects of timing difference between accounting income and taxable income for the year. The deferred tax charge or benefit and corresponding deferred tax liabilities or assets are recognized using the tax rates that have been enacted or substantially enacted by the balance sheet date.

Deferred tax assets are recognized only to the extent there is reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carry forward of losses, deferred tax asset are recognized only if there is a virtual certainty of realization of such assets.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized.

Minimum alternative tax:

After making adjustments for book profits as defined in Income Tax Act, 1961, Minimum alternative tax has to be paid in cases where it is higher than current tax.

SREEDAR MOHAN & ASSOCIATES HYDERABAD

Bondada Renewable Energy Private Limited HYD

XII. Leases

Leases that do not transfer substantially all the risks and rewards of ownership are classified as operating leases and recorded as expense as and when the payments are made over the lease term.

XIII. Employee benefits

a) Short term employee benefits:

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

b) Post-employment benefit:

Defined contribution plans

The company deposits the contributions for provident fund and Employee State Insurance to the appropriate government authorities and these contributions are recognized in the statement of Profit & Loss in the financial year to which they relate.

XIV. Provisions

A provision is recognized when the company has a present obligation as a result of past event i.e., it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate of the amount of the obligation can be made.

Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each reporting date and adjusted to reflect the current best estimates. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

XV. Contingent liabilities

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.
